

City of Driggs – Driggs Reed Memorial Airport Model Aircraft Notification Form

Under FAA rules, any hobby usage of Unmanned Aerial Systems (UAS) within 5 miles of an airport requires that the user notify the operator of the facility of the expected use. This includes drones, kites, model rockets, model airplanes, or any other mechanism which is capable of sustained flight.

In accordance with FAA section 709, section 333, and other rules, the City of Driggs will utilize this form to receive such notification from users.

I, the undersigned, hereby notify the City of Driggs, as operator of the Driggs Reed Memorial Airport, that I intend to fly a UAS within five (5) miles of the centerline of the runway of said airport, and acknowledge the following terms and conditions for my use within this area:

1. *I will not fly my UAS above rooftop, tree height, or 50 feet, whichever is higher, at any time while in the five mile proximity zone. (_____)*
2. *I will restrict my flight to my own property only.(_____)*
3. *I will not accept any payment for flight of my UAS.(_____)*
4. *I will not fly over people or structures at any time.(_____)*
5. *I will yield to all manned aircraft at all times, maintaining a wide safety margin, and make my best effort to not distract pilots of manned aircraft.(_____)*
6. *I will not fly my UAS when manned aircraft are actively taking off or landing, or visibly operating within the area.(_____)*
7. *I will never let my UAS leave my sight (line of sight rules).(_____)*
8. *I acknowledge that I am solely liable for any injury or damage which might arise from my use of a UAS, and I agree to indemnify the City of Driggs against any injury or damage arising from my UAS use.(_____)*
9. *I acknowledge that this notification is only valid for 60 days from the date noted below. Any subsequent flight must be re-noticed using a new form.(_____)*
